

Top 50 Popular Brands in Hyves

Research Question Are Hyves users brand-homogenous? The anxiety about visible data on social networking sites such as Hyves comes from the ‘public display of the informal.’ Hyves.nl ‘cleanses’ the user-collective by presenting a top 50 list of popular brands that makes Hyves users seem ‘decent.’ Behind the scenes, profile data may tell different stories.

Findings In the research protocol all brands were scraped by brand_id (with 103,239 distinct brands). We found that the majority of users are single-fan brands & ‘no logo’ Hyvers (59,105).
